

# Employment Employment Network Services

Paraquad is an Employment Network (EN) for Social Security's Ticket to Work (TTW) Program. An Employment Network provides free employment support services to Social Security Disability Insurance (SSDI) and Supplemental Security Income (SSI) beneficiaries. The goal of Ticket to Work is to provide beneficiaries the opportunities and supports needed to work, increase self-sufficiency, reduce reliance on Social Security cash benefits, and become financially independent. Beneficiaries not currently employed have the option to use the Partnership Plus services model to participate in TTW by first using Vocational Rehabilitation (VR) funded services through Paraquad or other service providers, followed by using our Employment Network (EN) services for long term support and assistance.
